

Below is a list of **suggested** items that second graders will use throughout the year.

- 1 pencil box
- Several sharpened pencils (It would be helpful to have more at home to replenish on a weekly / biweekly basis.)
- Glue stick(s) (It would be helpful to have a few extra at home to send in later as needed)
- 1 box of crayons (24 count maximum – no big boxes, please)
- Black or blue dry erase marker(s)
- 1 sock to use as an eraser for mini dry erase boards (Just send in one of those unmatched socks from your dryer)
- A box of tissues (to share)

We have plenty of hand sanitizer. Students do not need to have their own individual bottles. Students can use our class hand sanitizer or wash their hands with soap and water at the sink if their hands need to be sanitized.

Please send in only the above items. Second graders tend to “play” with items in their desks. Having extra supplies and unnecessary things like scissors, mini-staplers, pens, pencil grips, eraser collections, markers, giant pencils, etc. become big distractions. They interfere with students’ attention during instruction and their organization.

Thank you for your support with this matter. I look forward to teaching your child this year.

Sincerely,

The Second Grade Team
